# SHINE

WOMEN'S SUMMIT

Zia Cooke

2026 KEYNOTE

Sisters of Notre Dame  
of the United States

SUPPORT. HONOR. INSPIRE. NURTURE. EMPOWER.

# About the Event

For 150 years, the Sisters of Notre Dame have deeply rooted themselves in Northwest Ohio, extending their compassionate service across a spectrum of vital community needs. Their ministries encompass education, religious formation, healthcare and vital outreach to the marginalized. Driven by a commitment to social justice, they actively combat human trafficking, provide crucial support to migrant families and advocate for equitable immigration policies. Beyond these local efforts, the Sisters' global reach includes educational initiatives, healthcare provision, pastoral care and programs dedicated to women's empowerment, reflecting their unwavering dedication to serving diverse communities worldwide.

The sisters created SHINE Women's Summit in 2022 to bring women of all ages, faiths and backgrounds together to Support, Honor, Inspire, Nurture and Empower each other. Each year, the Summit features a discussion with local panelists and a keynote conversation with a nationally recognized woman. In the second year of the event an element was added to recognize five area Women Who SHINE.

The 2026 event will focus on women who are making a difference through athletics including the keynote guest, panelists and Women Who SHINE Honorees.

Proceeds raised through this event help to fund the ministries of the Sisters of Notre Dame including the SHINE Coalition. The SHINE Coalition allows the sisters to collaborate with other community ministries that align with their mission, values and charism and work to help women shine. The SHINE Coalition is open to organizations whose missions (at least in part) are designed to support, honor, inspire, nurture and empower women.
